

**Northern Oklahoma Regional Transportation Planning Organization
Technical Committee Meeting
June 03, 2021**

The agenda for this meeting was posted in compliance with the Open Meeting Act. A complete packet of information is available for review in the NODA Office.

1. Call to Order/Introduction of Guests

Payton Herron called the NORTPO Technical Committee meeting to order at 1:00 PM. Present via Videoconferencing and NODA Conference Room: Adam Gentis, Tiffany Plunkett, Kelly Parker, and Tyler Schroder. Absent: Scott Armstrong, Joe Schneider, and Jason Brinley. A quorum was not present. Staff Present: Payton Herron, Patti Hobbs, and Devon Westbrook. Guests: none.

Because a quorum was not present, no actions or decisions could be made on the agenda items. Those items will be included on the next regularly scheduled technical committee meeting agenda.

Those present discussed: what that next public survey would encompass, the depiction of collision study results, possibly of expanding MOUs for county LRTPs to the cities and towns too, and regional priority project solicitation.

Devon Westbrook, Transportation Planner
